Major J. M. Hockenbush, C. S. of this Brigade
having applied for a certificate on which is
ground an application for leave of absence, I
do hereby certify that I have carefully examined
this Officer and find that he is incapable of
performing his duties because of fever - general
disability. I am of opinion that a change of
air is absolutely necessary for the recovery. This
reason. I further declare my belief that he
will not be able to resume his duties in a
less period than thirty (30) days. - I therefore
recommend that leave of absence be granted
him for that time.

Report

Frank. R. R.

H. J. Jones for Mrs. H. Jones
Sept 12th 1867

Dear John

I've replied to your request for information in regard to the Contracts for Supplies existing and in process of execution in this district I would respectfully state that

1st There is the Contract of Mr. Pollard of St. Louis of record in the War Department. His agent Mr. Jones notified me some days since that he had a large amount of goods inside my lines, the invoices of which had been delivered at Mendota during the month of August. As the Contract expired by limitation on the 1st of September I declined having anything to do with the reception of the goods referring the matter to Sept 1st.

2nd Mr. Jones produced a contract made by a Mr. Adams with Gen. Hunt Adams for Supplies I decided that if Gen. Adams 2nd Mr. Adams come down & receive the goods and pay for them he might do - but that the Cotton in payment could not pass through my lines.

3rd Mr. Hunt under a Contract with Gen. Scott notified me that he had 62 pieces of 18 M² Chellaw Saddle trees inside my lines and ready for delivery. I telegraphed Gen. Manning and he ordered me to receive them.

4th Thompson Adams & Shayer produced a contract made by Col. Shott Taylor, then approved by Gen. Scott, then endorsed by Gen. Lee, and notified me on the first day of my arrival in the district that they had \$20,000 worth of goods inside the lines ready for delivery. The Secretary of War had ordered me to carry out Contracts in good

Fairb. Gen. Manning had ordered me to suspend all
Contracts and allow no Cotton to be shipped - I
telegraphed to the Secretary at Fort notifying him
of Gen. Manning's order and asking instructions - He
replied by telegraph - Suspend unless Gen.
Manning's order is heard, carrying out how-
ever existing Contracts in process of execution
under these circumstances I could only receive
the goods of J A & S. I have ordered a board of
Officers to inspect them. They are good and
the best articles of the kind I have seen.
I have told their goods are receive pay there
in Cotton at 35 cents per pound as their contract
stipulates and let them ship it. I have
however notified them that after these goods
are delivered I shall not regard any future
delivery unless ordered by the War Dept to do so
and that they can not consider any future
tips they may take as being connected with
a contract in process of execution.

REGULATIONS

For the payment of claims for arrears of pay and allowances due to deceased officers and privates in the Confederate Army. Per Act No. 402, approved February 15th, 1862, and Act No. 30, approved October 8th, 1862.

The first section of the above named Act provides "that the pay and allowances due to deceased volunteer, non-commissioned officer, musician or private in the army of the Confederate States shall be paid to the widow of the deceased, if living, and if not, to the children, if any, and in default of widow or children, to the father, if living, and if not, to the mother of such deceased volunteer or private."

The first section of Act No. 30 provides "that claims due to deceased non-commissioned officers and privates for pay, allowances and bounty, may be audited and paid when there is official evidence of the amount due, satisfactory to the second auditor, under such regulations as he has, or may hereafter, by the approval of the Secretary of War."

By section 2 of the same Act it is provided that "the claims of deceased commissioned officers shall be paid to their heirs or representatives in the same manner as similar claims of non-commissioned officers and privates are now, or may be directed by law to be paid." Payment will be made accordingly under the following rules:

1st. If the child or children be minor, payment will be made the guardian, upon the production of the proper certificate of guardianship under the seal of the Court.

2d. The claimant must produce his or her affidavit, and that of one disinterested witness stating the relationship. For instance, if the claimant be a mother, the affidavit must state that there is living neither wife, child or father of the deceased; if the father, that there is neither wife or child, and if the child, that there is no widowed wife.

The magistrate or other proper officer must testify to the credibility of the witness, and the clerk of the Court must certify, under the seal of the same, that he is such magistrate.

The foregoing instructions must be strictly complied with. Powers of attorney or assignments, which will seldom be necessary, may be executed before a magistrate, or in the presence of two respectable witnesses. Claims prepared as herein directed, and transmitted to the Second Auditor by mail, or otherwise, will receive as prompt attention as the business of his office will allow, and *when* *in* *the* *case* *of* *their* *presentation*. Secretary of War

To His Excellency Jefferson Davis
President of Confederate States.

Sir: - We undersigned have heard that an appointment of Brigadier General is likely to be made for the Brigade recently commanded by General Randolph. They beg to present to the consideration of your Excellency, Colonel James G. Hodges, as a proper person to receive the appointment. He is the senior officer in the Brigade, and is, we presume now in command, General Randolph, being as we are informed in the city. Colonel Hodges was in command of a Regiment of Volunteers at the time when the State of Virginia seceded from the late United States, and was probably the first officer of that rank in this State, who took the field with his command in the present war. By the action of the Governor of Virginia, he was voluntarily deprived of his command; but was shortly afterwards commissioned as such, and assigned to another Regiment, the one he has since and now commands. His service has been with General Fremont and General Randolph, to whom we refer as to his qualifications for the position we ask for him. He bears the reputation, and we believe him to be a well informed, efficient and gallant officer; and we know him to be a gentleman of fine intelligence, high and chivalrous character, and devoted to the cause of the Confederacy.

We mention of the depopulation of Virginia

I certify that I have carefully examined this Officer, and find
that he is unable to perform Infantry duty, because of deforma-
tion of left foot, result of an injury received in boy-
hood—a ball had nearly passed over, and crushed the foot
question.—On landing march, during the late Valley campaign
an officer has required transportation, yet, he never applied
for large and painful blisters, covered the foot, and absolutely
refused to expose same.—

APPEAL

TO THE

PEOPLE OF VIRGINIA.

RICHMOND, FEBRUARY 22d, 1865.

FELLOW-CITIZENS: Commissary General St. John, at his recent entrance upon the duties of his bureau, invited several gentlemen of this city, including a number of clergymen, to a conference as to the best means of increasing the supplies of food necessary for the best of the Army of Northern Virginia. At this conference, the undersigned were appointed as a committee to prepare and issue an address to the loyal people of the State, for the purpose of placing before them such facts, and of making such suggestions as will, it is confidently believed, ensure a general and happy co-operation in this great and necessary work.

You are aware, fellow-citizens, that all movements of the enemy in South Carolina and Georgia have interrupted our communications with the Southern States, and seriously embarrassed the operations of the Subsistence Department, so that immediate and energetic action on the part of the Government and the people is demanded for the support of the army.

It is ascertained that the supply of food in the accessible counties of North Carolina and Virginia is ample for the subsistence both of soldiers and citizens. Of the four modes of obtaining it for the use of the army, viz: by impressment, purchase, loan, and voluntary contribution, it is believed that when the exigency, now existing, is clearly understood, the last mentioned method will be the one most approved by the people, and therefore the one which will command the most cheerful, immediate, and generous aid on their part.

The resources of the people have already been severely taxed. Vast quantities of food have already been obtained by impressments, loans, and voluntary contributions. But for these extraordinary efforts our armies would have long since been disbanded, and, without a continuation of these efforts, our soldiers cannot accomplish the task yet before

them. Apart from all those considerations of honor and duty, which most constrain high-toned and patriotic men, these liberal contributions on the part of citizens are necessary to the preservation of their own rights of property and personal safety. In a just itself demands and every sacrifice necessary to prevent subjugation.

On this point, one testimony will be sufficient. Virginians and patriots all over the Confederacy will regard with implicit belief and profoundest respect any statement on such a subject emanating from our beloved General-in-Chief, ROBERT E. LEE. In reference to the very appeal we are now making, he writes:

"I cannot permit myself to doubt that our people will respond to it, when they reflect on the alternative presented to them. They have simply to choose whether they will contribute such commissary and quartermaster stores as they can possibly spare to support an army which has already borne and done so much in their behalf, or, retaining their stores, maintain the army of the enemy engaged in their subjugation. I am aware that a general obligation of this nature rests lightly on most men—each being disposed to leave his discharge to his neighbor—but I am confident that our citizens will appreciate their responsibility in the case, and will not permit an army which, by God's blessing and their patriotic support, has hitherto resisted the efforts of the enemy, to suffer now through their neglect."

Such being the emergency, and the corresponding obligation, it only remains now to consider the best practicable means of attaining the end in view.

There is in every county accessible to us in the State an officer or agent of the Bureau of Subsistence, charged with the duty of collecting by purchase or otherwise army subsistence, and forwarding the same to this city. It is also proposed to appoint two or more gentlemen of influence, energy and intelligence, in each county, who shall appoint others in each material district, to call the attention of every family to the wants of the army, and to urge them to contribute in some way as large a portion of their supplies as can possibly be spared. These contributions can be made as donations, sales or loans, at the option of the owner, and the supplies, so obtained, will be sent to some convenient point to be indicated by the local officer, where he will receive and receipt for the same, and give the parties, when required, an obligation in kind or in currency.

But, as already intimated, there are difficulties in the way of obtaining supplies either by purchase or by loan, which can be best overcome by the spontaneous and free-will offerings of the people, generously contributing of their substance for the support of the army now battling and suffering in their behalf.

For the information of those who desire to aid the cause by voluntary contributions, we beg leave to state that the following plan has been considered and approved by the authorities:

1. Let every citizen, who can, pledge himself to furnish the rations of one soldier for six months, without designating any particular soldier as the recipient of the contribution.
2. Let those thus pledging themselves furnish, say 50 pounds of bacon and 180 pounds of flour, or their equivalent in beef and meal, to be delivered to the nearest commissary agent.
3. Let the donor bring his contribution to deliver one half of the amount above stated, viz: 40 pounds of bacon and 90 pounds of flour (or its equivalent) immediately, and the remainder at the end of three months,

unless he prefers to adopt the better plan of advancing the whole amount pledged at once.

4. Let the pledge of each individual subscribing and furnishing the rations of one soldier for 6 months be made the basis of larger subscriptions. Those whose generosity and whose means will enable them to do so, may obligate themselves to provide the rations of 5, 10, 20, or any other number of soldiers for 6 months; while even the poor, who could not afford to supply the ration of one man, by uniting their contributions may authorize one of the number, so combining, to make the designated subscription of at least one ration for one man for six months.

We trust that this plan, so intelligible and so easily put in execution, will commend itself to thousands of our patriotic people, who, by reason of age, sex, or infirmity cannot serve in the field, will yet take pride and pleasure in being represented in the field in the persons of soldiers whose rations they themselves furnish.

On this subject, Gen. Lee expresses the opinion that almost every one who has a family, especially among our farmers, could afford to support one more in addition to his present number, and that this plan will not require a man to do more than to send to a soldier what he would always be able to give in the way of hospitality to such soldier, were he an inmate of his house.

The scheme thus explained presents a system which may be contracted or expanded according to the ability of the contributor—not excluding the poor, and giving scope to the largest liberality of the rich; and, in fact, presents a plan for securing all the food in the country which can be obtained by voluntary contribution.

And now, in order to carry it into immediate execution, the co-operation of legislators, magistrates, ministers of the Gospel, and all persons of influence and standing in every county is earnestly invoked. The cause is one which makes its own appeal to fathers and mothers who have sons in the army; to men of wealth who have large possessions to protect; to men in humble circumstances, to whom the liberties of their country are equally dear; to all classes in the community, whose security and happiness are involved in the issue of this struggle for the right of self-government. Every right-minded and right hearted man must feel that citizens in their comfortable homes, exempt from the privations and perils of the field, should be willing to exercise the severest self-denial, if necessary, that the army to which, under God, we are indebted for our present safety, and to whom we must owe our final deliverance from the presence and the power of the enemy, should at least be supplied with the food which is essential to the vigorous health and comfort of its soldiers. A claim so reasonable and just must and will be satisfied.

And now, in concluding our appeal to you, fellow-citizens, we do not forget that Virginia has already suffered sorely in this struggle to obtain all that is dearest to the patriot's heart. The bloody tide of battle has swept over almost every portion of her territory; the sacrifices, as well as the services, of her sons have been great; yet the spirit of her people has never flagged, and her resources exhausted. She has hitherto responded nobly to every call the Confederate Government has made upon her; and it is with a full heart that now, when

I have the pleasure to say
that early yesterday, I sent
by my Aid de Camp, Genl

of my conduct, to which
you allude, with other
letters of officers on the
same subject, addressed
to J. B. Slaughter, Brig Genl

My Aid assured me that
the same would be laid
before Genl Beauregard.
before I had hoped it was
before now done. On my
arrival here, I addressed
a short note to Genl B. &

Sir

(Near Night yesterday, a
package was thrown from
the Cars by some one, to me
directed, which was afterwards
delivered to me. In which
I found an order to report
forthwith to the General in
Command, why I assumed
to interfere with the Mail
Train of the Memphis & Charly
R R, on the day previous.
Which I now hasten to do.

At 11 Oclk AM of the 26th
inst My Brigade was on the
train at Memphis, bound
for Corinth. The train on
which Col. Locks Key was
made the trip through perhaps
in reasonable time, the
trains transporting Col
Harris, Youngs, May, Crump
Ballaloun & Capt Good
Battery (three of them) were
afterwards as I was informed
often close up to the train
Col. Locks Key was on
I was on the rear train.
Various stops by the train
thus until 6 Oclk AM.

On the route to within about
9 or 10 miles of this place.
We were taken forward and
back, during the whole
forenoon of the 25th. I was
very unwilling, but had frequent
suggestions made by my Asst
Adjt Genl and Asst de Camp
why we did not proceed.

Various reasons were assigned.
After 2 P.M. My Asst Genl Rogers
was informed, by the Conductor,
that after 3 1/2 O'Clock P.M., the
way would be clear, when
we should be taken on.
When this time arrived, we
were still kept there.

I knew not why the delay.
After which time Capt
Clemby of Col Green's Regt
came to me (with Lt Col Diamond
Comd'g Col Young's Regt) and Comd
- laimed of the Conductor of the
Conductor. All the officers
on the three last named
trains, were fully of the
opinion, that there was
mysterious, and unaccountable
delay. After 3 1/2 P.M.
When I had been assured
that nothing would prevent
proceeding. Near 4 P.M. I
issued a peremptory order
to the Conductor of the
forward train, to proceed
to Corinth. After which the
train proceeded. It was

My opinion that our
delusion was intentional.

I did not know but
that my Command was then
needed in the field of battle.

Hence all things considered
I had no idea of any interfer-
ence with the Mail Train,
or the Violation of any order
whatever of my Government.

My whole object was
to check, and prevent con-
duct, on the part of the
conductors of the said
trains, so well calculated
to thwart the arrival of
forces at this place from
Memphis.

I ask you to con-
sider the accompanying
letters, on this subject.

Very respectfully
Yours obt. Servt.

Brig. Genl. Commanding

Head Quarters 1st Brigade 2^d Division
Army of the West
Camp Perry near Corinth
Miss April 24th 1862

Sir.

In compliance with your request to me, to state the circumstances attending the delay in transportation of this Brigade from Memphis to this point, and your consequent order to the Conductor of the trains, on which it came to proceed without delay to Corinth, I have the honor to say, that on the morning of the 24th inst. at 11 O'Clock A.M. the Brigade left Memphis, on four trains, in this direction and proceeded some 15 miles with tolerable speed. After which, from causes to me unknown, the last three trains began delaying in their progress & made scarcely any forward movement during the day, and finally stopped for the night - the first train having in the mean time, proceeded to its destination, where by information it arrived on the evening of the 24th at 10 O'Clock - At daylight the next morning the (25th) said last three trains again started on their way, & arrived at the 83^d mile station, at about 6 O'Clock when it stopped to let a forward train pass towards Memphis, till about 12 O'Clock after which said three trains continuing their delay without any known cause for you and your Staff, being in the last train)

You requested me to go forward and ascertain the cause of delay. This was about 2 O'clock. On making the inquiry of the Conductor, & Engineer of the last train, their answer was, that the Mail-train would leave Corinth at 2 O'clock, and they wished to give it full time to pass, that it would have ample time to do so, by 3 1/2 O'clock, when they would proceed, when this hour arrived, you again requested me to go forward as before, when the Engineer of the last train stated, in reply, that there was no further cause of delay for the trains, ^{delay} and, that, if the trains before would proceed, he was ready to do so without delay - that the forward trains were all, that were delaying him - On the return of this answer, you issued the ^{order} referred to, for the forward trains to proceed.

But the trains continued their delay, when I again went forward and asked the Conductor and Engineer of the last train, the cause. They replied as soon as they could "back and water." They would go forward, if the foremost train, would proceed, but supposed, they would have to push that forward as it could not get up the grade - This was after remaining near the water tank some two hours, having passed it, to and fro, some six times in the mean time - The two mail trains then "backed and watered" and the

most proceeded on its way - At near 6 o'clock
- 2 K the two trains back, followed the third
train and arrived at this camp some
two hours afterwards - It was in the night
when we arrived -

Sir At your request as to the order made by yourself to the Conductors of the trains (therein No.) transporting the major portion of your Brigade to this Camp from Memphis, I state that on the second day of the trip said trains arrived at mile Station 83 at or near six O'Clock A.M. and remained there running back & forth until near 6 O'Clock P.M. when you issued the above order. It was believed at the time that the delay in proceeding was entirely unnecessary to say the least of it, and I called to know the cause of it from the Conductor. While there a person whom I did not know, coming back to the second train & said the Mail train had arrived & wanted the trains having the portions of the Brigade spoken of to back and let it pass to which I refused to consent & directed the train go forward to Corinth as the troops were becoming restive & suspicious that the delay was for a wrong cause, or rather that the Conductors were not actuated by proper motives (in which I fully concurred) in making it. Furthermore the Regt. which commanded (Col. Greig) had had nothing to eat since the preceding morning at daylight - the baggage Car containing their rations having been by the agent at Memphis

There are six soldiers' names on the accompanying statement the first of which left Shrewsbury yesterday, none are on delayed. the other train left Shrewsbury last night and this morning -

On the 14th inst at 11 O'clk A.M.
4 Regts and 1 Battery composing

Three Regts and the Battery
arrived here last night at

There is something
strange in this. Every man
seems to think this delay
was intentional. At least
it is suspicious conduct

I The fact of my Regt with light & commiphired

Capt. A. A. Page,
Bureau of Recruiption,
Richmond, Va.

Captain:

Forwarded to the Bureau a recommendation for the appointment of Emil Hader as his camp, of Mr. P. J. Hester. The application was returned declined.

I beg to enclose the same paper to the Bureau, with a statement of the necessity which compels me to apply again for appointments.

The duties of the officers of this Camp are such that no efficient incapacitated for field service can perform them. Besides the ordinary guard duties which call for great vigilance, they are frequently employed in making long marches through the country in search of recruits and deserters, which duty requires men of strong constitutions and good health, for arrest of the marching must be done in the night in order to come upon them unawares. They are also employed in conveying squads to the army and to Richmond. My force of officers is quite small, many of them having left the Camp by transfer to other organizations, dead, &c.

I would be glad to supply disabled officers, if in any way that they were able to perform the minor requirements of their position as sentinels, lookouts, &c. I am well, &c.

that able bodied officers are as necessary here as in the field.
I therefore, with great deference to the opinion of the Chief of
the Bureau, request a reconsideration of this recommendation.
I have at present an application from Major G. S. Lanning-
ton, W. M. at Raleigh, for the detail of Commissioned Officers
and men as guards for public stores in depots and training,
and could have find employment for one or more disabled
Officers of low grade.

M. R. H. has rendered me very efficient service as Lieu-
tenant of a Cavalry Guard at Raleigh, and is employed
night and day in the discharge of his duties, and has been
since last November. I had received authority from the
Secretary of War to employ such persons as I deemed
proper and recommended their appointment. Acting un-
der those instructions I had to employ M. R. H. and
was only prevented from making the recommendation by
absence for a long time from my post.

I have the honor to be,

Very respectfully,

Your Obedt. Servant,

My dear Doctor

Permit me to wish you a happy new year - and that is what we greatly lack in Charleston - in fact it is uneasiness about the condition of things around us that makes me trouble you at this moment. The army has fallen back towards Combahee & will in the end it seems make the Edisto River as a branch of the line of defence - this might interrupt the coming of candidates to Charleston and thus render our Board less useful; or its members as I have heard it said, might be ordered to other duty. Now this is the very thing that pinches me sorely, for I am utterly unfit for duty in the field or hospital - a severe fall I received some months ago when on a fishing excursion, together with age have made me fit only for the very honorable office given me through your kindness. Therefore should you think it necessary for the good of the service as may be the case to order the members of our Board to other duties. I pray you in good faith to receive this as my suggestion - and this I do not from any unwillingness to serve you, but from inability to do duty in field or hospital - with many thanks for past kindnesses.

I am with great respect

yours most truly

Major

I have the honor to report that there are now rationed from this Office Eight hundred and Fifty men - At this time of year the force stationed here is smaller than at any other - I was ordered by the Sec of War to relieve Maj John E. Bacon U. S. and was assigned to the duties heretofore performed by him, which were those of Commissary of this Post and District Commissary of this the 3^d Mil District - the district in which this Post is situated - I am now performing the duties above indicated. This being a central, is the most important Post on the line of the Charleston and Savannah Rail Road, made more so because the Officer in charge, is required to furnish all the meat used at the Post, by his own exertions from the surrounding country, hence ~~besides~~ those of Post, the additional duties of a Purchasing Comm'y are imposed upon him - I remain Major

Hon: Amos A. Seddon,

Sir:

I take great pleasure in recommending the appointment of Captain Edward C. Holcomb, as Brigade Commissary for the brigade commanded by Genl. Taliaferro.

He has been acting in this capacity for some time past, and has testimonials as to his character and capacity from Major Cook, and Major Robertson, Commissaries in this district, and, also, from Genl. Taliaferro.

Captain Holcomb has been engaged in business, prior to the war, which peculiarly fits him for the discharge of the duties of Commissary; and his integrity and energy will render him a valuable officer.

I trust this application will meet your favorable consideration.

Majors. While still retaining a local command in Charleston Harbor, his deprivation of his Brigade proper threatens to vacate the Commission of one of the best Commissaries in the Confederate Service. I advert to

Majors E. W. & E. W. & E. W. formally his Brigade Commissary.

who is now left without any appropriate duties to perform.

Meanwhile we are constantly pressed to make heavy shipments of Corn &c to our Army. But the difficulties of collecting

supplies are almost insuperable for several causes. Among them

the want of competent & bonded Officers.

I respectfully request that Majors E. W. & E. W. be directed to report to me for duty in this Department. There is an important District to which he can be immediately assigned on the Gulf Rail Road. Meanwhile I have applied through the Commissary General for his permanent assignment here.

Yours most respectfully,

J. Locke.

My Dear Sir: This letter may be considered I suppose an
application for transfer of my son to his Command. By Gen. Thompson
he tells me his Brigade commander has verbally agreed to
transfer him to another arrangement for transfer he may desire.
Under the circumstances, should I wish to suppose, he may desire
that the request be made, he will, to his Brigade. Col Jackson of
Roman Cavalry Division, Valley-dale, Va. is the officer who
is to be sent here, where he now is, under the name of
John. He is a very good man, and I am sure he will be glad
to get it.

I am very truly

My Dear Sir

Your letter would have been answered some days since but for my constant occupation in the field. We have been moving for sometime past & I have been unable to attend to any correspondence. I am much gratified at the desire you seem to express to serve with me, & I should take great pleasure in offering him a position on my staff if there was one at my disposal. But perhaps he might be a fit need to duty as drill master with the Corps, in which event he could have the opportunity of seeing active service with the position of the command serving with this Army. If this meets his views I will cheerfully do whatever is necessary to have him transferred here. I recollect him very well for I was pleased with his bearing when he was with Genl. Robertson. With

Hon. James A. Seddon
Sec. War.

Richmond Nov. 17th 1863

Dear Sir

In General Robertson's communication, in which he asked my attention to the accompanying recommendation of his brother, he asked me to apply to have Lieut William J. Holcombe assigned to duty with him; adding, he has much need of his services. Lieut Holcombe was with him until he was relieved of his command in Virginia, as a drill master; where he was sent to Genl Williams in Tennessee. I wrote to Lieut Holcombe, to know his pleasure in the matter, and have a reply telling me that Genl Williams has been relieved of his command, and that he Lieut Holcombe is anxious to be assigned to duty with Genl Robertson.

I hope this common wish may be consistent with the good of the service & may be gratified.

Calling your attention to my own endorsement on the recommendation of Lieut Robertson for promotion, I have the honor to remain

Yours very Respectfully
James Alfred Jones

My dear Col,

June 19th 1883. Baltimore.

My son presented himself at
home this morning, with an order after some
interval - to rejoin his former office; probably
he is determined not to be idle, if he goes back.
I have no doubt he will be very useful in his
absence in the ranks - but for Rutenfranz
I speak that he is somewhat, however, a very
high spirit, as his other officers have
told me, and I am very reluctant
to have him there. I am sure, in the
mean time, that he will be a great
benefit to the army. He is a very
friendly and sincere man, and his
presence will be very warmly
appreciated. I am sure, in
all respects, that he will be a
great benefit to the army. I am
sure, in all respects, that he will
be a great benefit to the army.

Yours truly
James P. McIndoe.

Sir,

Having been recently largely increased, and
therefore requiring an additional number of
dill officers both school of instruction,
I respectfully ask that Joseph. William

thoroughly be appointed) while officers with
the rank of Lieut. of Cavalry, and we
desire to report to me at Washington with
him, being without delay.
Although it has been in the service since
about the commencement of the war,
was formerly under my command, and
can be used and valuable assistance in
the instruction of recruits.

We certify that we have carefully examined

sa Capt W. J. Holderness A. G. M. 7th Conf. Reg.

We find him suffering from an old urethral
stricture, which becomes exceedingly troubles-
some to him upon the least exertion. We

also find him suffering from chronic
inflammation of the kidneys and bladder,

which in our opinion renders him
entirely unfit for military duty.

We would therefore respectfully recommend
that his ~~discharge~~ resignation be accepted.
